

THE FLOWER OF LIFE PENDANT

The Inspiration

As students of the work of Marcel Vogel, Paul and I were familiar with the concept that the faceting of the quartz creates a certain function or job for a stone. After having worked with the Star of David and Kabbalistic Healing Wands™ (both cuts developed by Marcel Vogel) we were exploring both physically and intuitively for additional tools (cuts of quartz) that would be beneficial to humanity. In the fall of 1998 I began to have visions as a 12 sided star cut from quartz. These came as brief intense flashes along with images of my spiritual teacher Luma. I could see that the stone was faceted with two six pointed stars one of which was rotated so that a 12 pointed star was created between the two sides. Some months after these visions began we engaged a cutter to produce the cut for us. And so the Flower of Life was born. - KW

Metaphysical Significance

At first it seemed that a 12 pointed star was simply a natural evolution of the 6 pointed Star of David. A single 6 pointed star energetically creates a connection with the "Merkaba Vehicle" When this configuration is doubled (a 12 pointed star) a radiant field of high vibration energy is the result. The radiant field of the Flower of Life creates a pocket of Divine Order which envelopes the wearer. This field encourages the development of conscious evolution.

It also strengthens our connection with spiritual guidance and ultimately, Source, which brings us into connection with the abundant flow of the Universe that supports all life.

The Flower of Life is available in:

The Teaching

"From the perspective of the Language of Light, a 12 pointed star has unique properties. It is considered the higher octave of a simple six pointed star - also known as the Star of David. When the octaval effect is achieved the unfolding is one of being surrounded, in a subtle way, by those that have achieved mastery and full cultivation of the Divine Birthright. The Divine Birthright that I refer to is the perfected Merkaba Vehicle - which includes the ability to draw upon guidance as needed, the ability to be centered with the Cosmic Flow that feeds all life, and the ability to cultivate consciousness to penetrate any realm desired. When humanity has fully claimed it's Divine Birthright in a conscious fashion we will indeed see the dawning of a new era. It is my greatest pleasure to participate in some small way in this transformation."
